FIVE BOROUGH'S OPEN SAFETY WEEK TODAY

All Will Compete to Lower Accident Death Rate of New York.

CALL 10,000 MEETINGS

Four Minute Men and Women to Spread Traffic Education.

Safety Week begins to-day with "Don't Get Hurt!" the slogan.

For the next seven days the five boroughs will unite to prevent death through accidents. By next Saturday New York is expected to have made itself "safety" minded.

By proclamation Mayor Hylan has given free rein to the public safety committee of 100, headed by Elbert H. Gary. The Safety Institute of America appointed it.

Reminiscent of the war, 2,000 "four minute men" and 1,000 "four minute women" will address what is estimated at 10,000 meetings during the week in churches, schools, clubs and public places to emphasize that the city's death toll by accident is 3,483 persons a year—1,654 of them children.

To Advertise Week.

More than 6,000 industrial plants, employing 1,000,000 workers, have promised cooperation with an industrial committee, whose chairman is Henry D. Sayer, State Labor Commissioner. Mass meetings will be called. Posters will placard gates.

Broadway will participate as always. Retail stores have been appealed to to present graphic displays inside and out, and to build newspaper advertising around the spirit of the week. Taxicab companies have been asked to make old time "sandwich men" out of their taxis.

New York hotels will draw attention of travelers and residents by imprinting menus and house literature with: "This is Safety Week. Don't get hurt to-day." Posters, bulletin boards and programs will repeat the admonition.

Scouts to Guide Traffic.

The Public Safety Committee will keep an "accident score" by boroughs, and announce a winner the end of the week. Each fatal accident will be reported by the office of Dr. Charles Norris, Chief Medical Examiner. Manhattan, most congested heart of the world's most crowded city, starts from "scratch," but promises to strain its utmost to win on points over the other boroughs, committee directors said.

To-morrow is Children's Day. In uniform 10,000 Boy Scouts and 2,000 Girl Scouts and Campfire Girls will march up Fifth avenue from Forty-third street to the Central Park lawn off Seventy-second street. They will be reviewed by Mayor Hylan, Chairman Gary Franklin D. Roosevelt, chairman of the Boy Scout committee, and others. A temporary monument will be unveiled at the park entrance in memory of the 1,054 children killed last year.

Meanwhile 300 picked Scouts, trained under direction of Police Commissioner Enright, will assist police in directing traffic at important corners.

A gold medal, according to the Safety Institute of America, will be awarded Monday to Samuel Levine, 14, son of Mr. and Mrs. Joseph Levine, 240 Dumont avenue, Brooklyn. Young Levine last February rescued two boys from drowning at Clover Lake, Staten Island. Returning from a hike, the citation shows, he warned the boys against unsafe ice they were crossing, only to see them break through and disappear. He swam ashore with them one after the other.

WOMEN SHOPLIFTERS AND TWO MEN JAILED

Former Get Ten Days Each for Apparel Theft.

Two women and two men arrested by detectives of the Stores Mutual Protective Association pleaded guilty to charges of theft in Special Sessions yesterday and were sentenced by Justices Kernochan, Moers and Edwards.

May Buccam, 29, 109 Shore road, Sheepshead Bay, who stole a hat valued at \$13 from Stern Bros., was sentenced to ten days. Evelyn Gordon, 21, 143 Alabama avenue, Brooklyn, also drew a ten day sentence for stealing pumps and slippers valued at \$11.50 on September 9 from Gimbel Bros.

John F. Davis, 34, of the Mills Hotel, Seventh avenue and Thirty-sixth street, and George Sawyer, 24, of the Washington Hotel, Third avenue, confessed that each had stolen wallets on September 27 from R. H. Macy & Co. They were sentenced to thirty days.

TRIES TO KILL SELF AS CHILDREN LOOK ON

Man Swallows Poison and Collapses in Street.

While several children playing at Fifth street and Third avenue looked on yesterday, Felix Muniz, 30, a laborer of 206 East Thirty-third street, took a bottle of iodine and a glass from his coat pocket and drank the poison. The children watched with bewilderment until he collapsed.

Patrolman George Carmine of the East Fifty-first street station gave Muniz first aid and sent him to the Reception Hospital, where it was said he would recover.

NAVY ESCORT FOR LEGION MEN.

WASHINGTON, Oct. 7.—The steamship Lorraine, carrying delegates from the principal allied armies to the American Legion at New Orleans, will be met at sea by six American destroyers and escorted to New York October 16, it was announced to-day at the Navy Department.

RADIO STORE MANAGER IN TOMBS FOR LARCENY

Sold Out Stock, but Remitted No Money, Is Charged.

The International Radio Corporation had—or had a branch store at 51 West 125th street, where it sold radio equipment and stock in the corporation. Last week George W. Beadle, president, dropped in to see how the branch was getting along. It appeared business had been extraordinarily good, for all the radio equipment and even the fixtures of the store itself had been sold. There wasn't a thing left in the place. The only trouble was that the corporation had neither been notified of this unprecedented business nor had it received any money therefrom.

The result was that R. R. Biddle was arrested yesterday and locked in the Tombs on a charge of grand larceny. Biddle formerly was manager of the 125th street branch. He was arrested at the offices of the American Briquette Company, 1790 Broadway, of which he is said to be an officer.

Edgar Stevens, detective sergeant, who made the arrest, said that later he raided the offices of the American Briquette Company and found a large quantity of International Radio equipment there.
